Dual Credit Program Details - Notes	Changed	12/03/14cjp The skilled trades courses are in huge demand with most courses being waitlisted - 117% of approved vs. actual students. The success and retention rates are 91% and 83% respectively. Robotics Fundamentals is replacing Web Development to capture the interest of many of these students. The first class of Robotics will be in February 2014 and is generating significant interest to the primary target group. HCDSB has joined this project with 10 seats in Introduction to Industrial Trades in Feb. 2014 and would they like to increase that to 20 in 15-16; as well as having some seats in the other trades. A couple of seats have been added to Plumbing, Precision Machining, Welding and to accommodate them. Transportation costs were included for the Halton students.	07/29/15cjp 1. ### 02.57 - SHER - Fitness Leadership w DPCDSB+PDSB+HCDSB

Notes: Aug 10/15 cjp. These courses are excellent hands on courses that target the applied learner. Strategies were in place to increase the enrolment in these courses and this year we had a significant increase. HDSB, a new partner is sent 4 students in 2015 but would like to increase their participation to 15-20 students in 2015-2016 school year. Both retention and success rates were 100% in Phase 17 and retention rate 90% and success rate of 87% in Phase 18. Previously, 2 credits were offered and since HCDSB will have a bigger footprint in next year's class we would like to be reinstated to 2 classes of 25 seats in each. Due to their increased participation 25 extra seats is being requested. This year's enrolment was significantly higher than previous years and with increased strategic marketing aim for an even greater student participation.

## L18DC105 - L18 Dual Credits Change Request Report

Notes: Aug. 10/15 This is a popular program with students in the target group. Unfortunately, teachers still have issues in identifying this students but with the support they are offered by the dual credit teachers and college they are definitely in the prime target group. Phase 17 had a 92% retention rate and a 100% success rate and Phase 18 had a retention rate of 100% and a success rate of 96%, . Both Peel school boards have indicated that other dual credit programs in this discipline in the GTA region are still significantly wait listed and have requested that Sheridan continue to offer this program. Initially this project offered 2 courses but this year it was reduced by 30 seats. The notes explain that the project was approved at 12-13 levels but the 12-13 level had 60 seats in the program from the onset. Students absolutely love the 2 courses.
